ADMISSIONS AND REQUIREMENTS

The admission process consists of 2 steps:

Step 1: Send your application documents to master.rm@ec.unipi.it.

Step 2: Interview with the Admissions Committee.

The selection process usually takes 4 weeks after each deadline. Candidates will be informed by e-mail of the final decision taken by the MRM Board and the Admissions Committee regarding their application.

To apply, candidates must provide:

• application form
• university diploma (BA equivalent, original/official or certified original transcript of grades from the college or University attended)
• two reference letters
• detailed curriculum vitae
• proof of proficiency in spoken and written English.

We accept TOEFL, IELTS, TOEIC and the Cambridge Certificate of Advanced English. We may consider exemptions from these if the student has lived, studied or worked in an English-speaking environment.

GMAT is not mandatory, but it can facilitate admission into the programme.

More details at: http://masterriskmanagement.ec.unipi.it/how-to-apply/

DEADLINES AND FEES

First deadline: 30th of June - Second deadline: 30th of September - Third (and last) deadline: 30th of October. Late applications may be considered by the MRM Admissions Board up to the end of December. Tuition fees amount to € 8,000. Scholarships of about € 1,000 are available on a rolling basis, depending on the number of students enrolled.

**TOTAL** 60 ECTS

COME AND THRIVE

- Gain cutting-edge skills to manage the main sources of risk
- Earn a highly marketable degree in financial markets, insurance institutions, pension funds or businesses
- Enjoy a valuable and multicultural learning experience

UNIVERSITÀ DI PISA

The University of Pisa (UNIPI) is a public institution composed of twenty departments, with high level research centres in the fields of agriculture, astrophysics, computer science, engineering, medicine and veterinary medicine.

Established in 1343, UNIPI is one of the most prestigious Italian higher education institutions and a modern centre for teaching and advanced research. One of the University’s main strategies is that of internationalisation as it aims to engage with students and researchers and establish long-term partnerships with universities and public and private institutions from all over the world. With a current student population surpassing 54,000, UNIPI offers a large number of degree programmes held in English and a variety of exchange programmes.

Study at the Department of Economics and Management

The Department of Economics and Management is a stimulating environment where research and teaching work side by side in the areas of economics, business and management studies, mathematics and statistics. Courses on legal theory and foreign languages applied to economics are also offered.

PROFESSIONAL PROSPECTS

Graduates will gain strong analytic tools and advanced methodologies for risk management. The MRM has a corporate network which is constantly being expanded and strengthened. The MRM Management team promotes its students’ CVs within this network.
