Students from Brazil
The University of Florence is a member of the Science without Borders (SBIF) programme.
Science without Borders (SBIF) is a special project aimed at fostering international mobility of the Brazilian students and researchers in highly qualified academic and research centres around the world through a scholarship scheme and at attracting young investigators and internationally recognized research leaders to Brazil.

Learning Italian language
The University of Florence supports learning of Italian language for foreign students both by means of course organized by “Centro Linguistico di Ateneo” (www.Unito.it) and by means of the collaboration with Unistud.

Opening hours
Monday, Wednesday, Friday: 8.30-13.00
Tuesday, Thursday: 15.00-16.30

The University of Florence is a relatively young institution with ancient roots going back to the Studium Florentinum founded in 1321. The didactic and research activities are located in the historical centre of Florence, in various campuses all over the city, and in nearby cities of Tuscany. Almost 5% of our 57 thousand students come from foreign countries, thanks also to more than 600 agreements of scientific and didactic cooperation with foreign Universities.
