APPLYING AND REQUIREMENTS

International candidates must have a Bachelor's degree in Economics or an equivalent diploma. Adequate knowledge of English is mandatory (level B2 or equivalent).

Candidates must apply online at applymscenglish.unipi.it. Successful applicants must follow the University of Pisa's standard enrolment procedure.

More details at: www.unipi.it/enrolment.

ENROLMENT AND FEES

Enrolment instructions are available at matricolandosi.unipi.it/en.

Fees depend on the student's country of origin and vary from €356 euros to €2,452 for each academic year. Information on fee waivers, extraordinary contribution and scholarships can be found at www.unipi.it/tuition-fees.
The University of Pisa (UNIPI) is a public institution boasting twenty departments, with high level research centres in the fields of agriculture, astrophysics, computer science, engineering, medicine and veterinary medicine. Established in 1343, UNIPI is one of the most prestigious Italian higher education institutions and a modern centre for teaching and advanced research. One of the University's main strategies is that of internationalisation as it aims to engage with students and researchers and establish long-term partnerships with universities and public and private institutions from all over the world. With a current student population surpassing 45,000, UNIPI offers a large number of degree programmes held in English and a variety of exchange programmes.

Study at the Dipartimento di Economia e Management and at the Laboratory of Economics and Management of the Sant’Anna School of Advanced Studies

Students enrolled in this programme will be provided with advanced courses in economics along with complementary quantitative and statistical methods. The central aim of the programme is to enhance students’ abilities to analyse economic phenomena at various levels: firm, industry, national and international. Students will gain a range of skills that will help them in their future careers as professionals able to interpret the fast-changing economic environments of the 21st century. The programme departments are known for their excellent international reputation in research throughout the field of Economics. The Master’s degree (Laurea Magistrale) is awarded jointly by the University of Pisa and the Sant’Anna School of Advanced Studies.

COMING AND THRIVING

• Enjoy a valuable and multicultural learning experience
• Gain strong quantitative skills
• Learn from a multidisciplinary approach
• Benefit from traineeships in prestigious international institutions
• Establish a valuable network of contacts for your future career

PROFESSIONAL PERSPECTIVES

“Career opportunities are mainly focused in professions with strong research content within corporations, international organisations, public and private research centres, consulting firms, regulatory authorities, central banking, and other professions requiring strong analytical skills.”
