

How to apply for a Residency Permit (Permesso di Soggiorno) for Study reasons

(The residency permit is issued by the Italian government and it allows you to legally stay in Italy)

According to Italian Law **non E.U. citizens**, planning to stay in Italy **longer than 90 days** and/or holding an Italian type D visa, must apply for a Residency permit **within 8 working days** after arrival.

Please note that in case of late application, the Italian Police can decree your **immediate expulsion from Italy**.

First step: get the official Italian tax code (codice fiscale).

We suggest requesting the **official** tax code at our Embassy in your Country before your arrival in Italy. If you are already in Italy and you need the tax code (to open a bank account or else) please follow instructions at the [page](#). Please note that the tax code issued by your registration at Alice (University of Pisa website) is not an official one.

Second step: Health Insurance coverage

If you do not have a Health Insurance coverage yet, we suggest you enrol in the Italian National Health Service.

By choosing the Italian National Health Service you will then receive the same benefits as an Italian citizen by getting the Italian health card. You will have the right to choose your family Doctor in Pisa, too.

The registration cost for the year 2024 is 700€ and is valid until Dec/31st of each year regardless of the registration date. Please keep in mind that the registration needs to be renewed every year. Payment of the registration fee must be made by [modello F24](#) (available in any post office), CODICE TRIBUTO (type of payment): 8846; CODICE REGIONE (Region number): 17; ANNO DI RIFERIMENTO (reference year): 2024".

If you already have Health Insurance coverage, please check its validity in Italy with the Patronato Office (third step).

Third step: Ask for an appointment at an Italian "Patronato" (where you will get assistance for free)

Suggested Patronato Offices: **Patronato INCA**, viale Bonaini, 71 - 1st floor - tel 050 515217, e-mail: pisa@inca.it;

Patronato ACLI, via Francesco da Buti, 20 (near to Piazza Guerrazzi) tel. 050/913120, e-mail: pisa@patronato.acli.it;

Patronato ENAC/CAF UCI, Via Catalani, 37 (a street off via C. Battisti), tel. 050 5205494, no appointment needed - open Monday to Friday from 9 a.m. to 12 (noon) and from 2 p.m. to 5 p.m.

Documents requested to apply for the study residence permit:

1. Your passport (and the Italian tax code if you already have it);
2. Two passport size photos (white background);
3. A copy of your passport (just the pages with **your personal data, the expiry date and the ones with the Visa stamp, and entry stamp**);
4. A special stamp (marca da bollo) which costs €16,00 (which you may buy at any Tobacco Shop);
5. The study Visa type D (on your passport) is enough to start the application for the Residency permit. Then, at the Police appointment, it is necessary to show Pisa University **Enrolment certificate** to the current academic year that you can find on [ALICE](#) portal OR you can request to the Students' Office (Segreteria Studenti) or the Phd Office (Ufficio Dottorato) if you are a phd student. Instead, if you are an Erasmus/exchange/visiting student, you must have an Acceptance Letter signed by your hosting Department in Pisa, proving that you are involved in a Study Project or Erasmus activity, with the starting and ending date of your stay in Pisa;
6. Health insurance coverage (in case you have a foreign insurance coverage or a specific insurance policy, please check its validity in Italy with the Patronato Office);
7. Declaration that you have a scholarship (if you have one) or bank statement (proof) that you have sufficient financial resources to guarantee your stay in Italy in your bank account (not less than **€468,10 for each month**);
8. **Accommodation contract** (at the post office application you can enclose a temporary hotel/hostel lodging document but at the Police appointment you must show the lodging contract).

Please note: some of these documents must be enclosed with the Application Form (kit giallo/yellow kit) at the Post Office.

Fourth step: Go to the Post Office near to the central train station and mail the Residency Permit Application Form

Please be aware that after sending the Application Form by mail, the Post Office clerk will give you a special **Receipt** and a **fingerprinting appointment** at the **Questura** (Local Police Headquarters) in Via Lalli, 3.

The post office receipt, where you can find **your Username and Password**, is extremely important and should be kept safe as it is proving that you have applied for a Residency Permit before you actually receive one.

List of expenses for the Residency Permit: €16,00 for the special stamp (marca da bollo); €30,00 for the Post Office in order to mail the Application Form; €70,46 for the application for the Residency Permit (valid for up to 1 year).

You can check the progress of your Residency Permit application and any missing document at [Portale Immigrazione](#), by using the password and ID on your post office application receipt (do not consider the dash in the password).

At the **Questura** you will sign the **Integration Agreement** too, which is an agreement between the Italian State and a non-EU/EEA citizen entering Italy for the first time. The international student is committed to meet his/her civic obligations and invited to participate in **a class on Civic education**, about life in Italy.

Fifth step: if you have paid the 700,00 euro for the enrolment to the Italian public Health System, go to the Health District (ASL) in via Garibaldi 198, where you will be able to get the health card and choose your personal doctor free of charge. Details at <https://www.unipi.it/index.php/insurance/item/6679-choose-your-own-doctor-in-pisa>

Please beware that, if you arrived in Italy with a study visa, you enrolled to an Italian University and you wish to do a **RINUNCIA AGLI STUDI** (renunciation to your studies), in order to enroll again to the same or other Italian university, you cannot use the study residency permit you already have and you must get a new study visa.

Renewal of the residency permit: You must request for renewal before the expiration date of the permit.

Study Residency Permits are renewed for students who in the first year of their degree programme pass **a test** (un esame) and in the following years **at least two more tests** (due esami). All details at the [Unipi page](#)

For any doubt, please contact: dott. Mauro Mazzotta - **International Office - University of Pisa** - Piazza Torricelli 4 - Pisa- Italy, e-mail: international@unipi.it
